

LESSON PLAN PART 3

Use the template when planning your Part 3 instruction.

1. Print and laminate page 2 of this document.
2. Select review words for rainbow/fat stack. Be sure to include non-sense words (when ready) and words with trouble spots. Place word cards on top of section **1** of the template.
3. Select a stack of current words and place on top of section **2** of the template. Plan your activity based on these words.
4. Choose vocabulary words to review and/or plan to introduce a new vocabulary word and enter into the Student Portfolio. Place word cards on top of section **3** of the template.
5. Choose review HFW cards (rotate review) and plan to introduce a new high frequency word. Place card stack on top of section **4** of the template.
6. Reference Instructor Manual for more detailed information.

1 Rainbow/Fat Stack Word Cards For Review

- Little to no tapping
- Include nonsense words when appropriate
- 10-20 Word Cards/1 minute of review
- Ask concept related questions and/or vocabulary questions with a few cards at the end of the review.

2 Current Concept Word Cards

- May need to tap
- Activity: Sort Mark up
- Discuss Concept

3 Vocabulary

- Include base element cards (move to fat stack once taught)
- Vocabulary words be a separate stack or embedded within the Rainbow/Fat Stack.
- Introduce a new Vocabulary word and add it to the Vocabulary section of the Student Portfolio (2-3 words per sub-step based on student's needs).

4 High Frequency Cards

- Develop automaticity
- Rotate review
- Introduce a new HFW word based on pretesting information and add to the Student Notebook HFW Words. (Be sure to review and discuss the regular and irregular sounds in the new word.)
